

The Rancho Mirage Instrumental Music Program and Colorguard "Weekly"

Aug 06 – 10, 2018

"The price of success is hard work, dedication to the job at hand, and the determination that whether we win or lose, we have applied the best of ourselves to the task at hand." - Vince Lombardi

General Announcements:

- **A NEW MEMBER** – Now is the best time of year to re-connect with the students that you met at Band Day, and spread the word about our program to those who weren't there. This is a great opportunity to go to the middle schools and become a mentor to students who play instruments like yours! You will not only be gaining valuable experience expanding your musical skills while you help them, but you will be assisting the RMHS Band program in expanding its interest and legacy. Visit your middle school programs and tell them why they should be a member of the **SOUND**.
- **COLLEGE BAND AUDITIONS & SCHOLARSHIP OPPORTUNITIES** – We encourage all of our Rancho Mirage musicians to consider playing in college band, whether or not they plan to be music majors. College bands provide an excellent opportunity to meet other students from across the campus and from different majors. Different colleges offer different scholarship opportunities for incoming students, both music majors and non-majors. We encourage our seniors to research the music opportunities at the colleges of their choice and to continue furthering their musical experience! While our program does not endorse one college music program over another, we occasionally receive college band audition materials in the mail and offer this information to our students. The following college programs have sent us this information:

- **DONATIONS NEEDED** – The band and color guard program is in immediate need of donations of the following items. The school budget does not provide for these items. If each student could commit to bring even one item throughout the semester, it would be greatly appreciated, and will help preserve our precious budget money for more urgent issues like instrument repair. Thanks so much to those who have already donated!
 - **1” wide blue painters’ tape.**
 - **AA, AAA & 9 volt batteries for our instrument tuners and metronomes.**
 - **Electrical Tape (All Colors)**
 - **Field Marking Paint (White, Orange, Yellow)**
 - **Copier for Band Room**
 - **Lumber for Instrument Room Shelving**
 - **EZ-UP Canopies**
 - **Refrigerator for Workroom**

- **HONOR BAND & ORCHESTRA OPPORTUNITIES** – Participation in an honor bands & orchestras provides a challenging, musically rewarding opportunity for students and helps them to advance their musical knowledge and understanding beyond simply playing in their own high school groups. Honor group participation also looks great on college and university applications. Honor groups are “extra,” meaning that they are in addition to your first commitment, which is to your own program here at Rancho Mirage. Mr. Gaylord does grant some schedule exceptions to honor band students when overlaps occur, but as always it is the student’s responsibility to work this out in advance. We encourage all of our students to seek out an honor band or orchestra experience this school year.
- **INSTRUMENTAL MUSIC LESSONS** – We cannot possibly overstate the value of a band student taking private lessons on his/her instrument. Aside from daily individual practice, obviously, there really is no other single way for a musician to improve their skills than to take individual lessons with a professional. These can be a simple half-hour a week, or an hour twice a month or (ideally) an hour a week. The band experience is a full group experience and does not contribute to individual growth of each player nearly as fast as private lessons can. Our master classes are like a group lesson, but individuals gain more from one-on-one attention. “Do you take private lessons on your instrument?” is one of the very first questions we ask students in any of our auditions; followed by, “How often?” and “With whom?” The following is a list of program-approved lessons teachers. Certainly there are other teachers in our area and many are fine people and well qualified. THESE folks however have our highest endorsement. We will continue to add to and amend this list as best we can. GO FOR IT!

The jazz camp has a capped enrollment for this upcoming summer. Open spots will fill *quickly!* Many RMHS musicians have attended this camp in past years and it is a very fine opportunity. All of our students who have attended in the past have come back as better musicians! Check it out!

- **TIPS TO BE STRESS FREE** – Rehearsal schedules, performances and other commitments can make for an exceptionally stressful time of year, especially as the weather is cold and immune systems tend to be weaker.

1) Start the day right. Try to find a routine – get up a little earlier than you typically do. Eat something before you start your day. It's important to set the tone for the rest of your day.

2) Relax. Find moments of calm in our ever-busy lives and schedules is important when it comes to maintaining a balanced lifestyle. These moments can be anything that you find relaxing, such as running, listening to music, reading a book, playing your instruments for pure enjoyment, or just sitting and breathing – we often forget to truly let our bodies and minds relax.

3) Detox from digital devices. Managing stress has become more difficult as fear of missing out has become more and more a part of our digital lives. Digital detoxing has become increasingly important as far as stress management is concerned – try turning your phone off for one day a week or a month. You might be surprised at how liberating it feels. As we continue to be more invested and deeply concerned with the online versions of our lives we bring on more stress and a more confused identity. Making time to see friends and family in person has been linked to people reporting feeling more fulfilled and happy.

4) Get some sleep. Getting plenty of rest is also a key part of stress reduction. If you have trouble falling asleep or staying asleep, try some of these tips and tricks. Keep a pad of paper and a pen next to your bed to jot down any lingering thoughts that are keeping you awake. Also, eliminate digital light in the wee hours of the night and reserve your bed for only sleep.

All in all, incorporating even just a few of these suggestions into your new health routine will have you feeling a little more at ease and stress-free. When in doubt, just take a few moments for yourself and/or a few deep calming breaths. It's truly amazing what a few breaths with intention can do.
